Bonded Logistics is a global third-party logistics (3PL) provider based in Charlotte, NC, that integrates warehousing, contract packaging, and transportation services to provide its clients with customized, innovative, and superior solution-based logistics.

Warehousing has been a core offering since the company was founded in 1972. We have over 2 million sq. ft. of secure space with ambient, temp-controlled, and hazardous storage environments. Our robust warehouse management system (WMS) helps us accurately manage inventory, shipments, and workflows. Wireless warehouses ensure real-time visibility on our proprietary client web portal. Data analytics combined with ISO quality standards means we are constantly finding ways to improve your business.

"With so many products to be stocked, distributed, and recorded, it is important for us to have both the correct warehouse space and the assurance that the correct stock is picked and delivered. We feel very confident that Bonded meets our total needs."

DISTRIBUTION

Global companies across a broad range of industries trust us to take care of their distribution needs. We've built the infrastructure to seamlessly operate as an extension of your business. Our strategic and expansive 2 million sq. ft. footprint in Charlotte, NC provides a prime location with a majority of the population within 1-2 day's drive. Public and dedicated FDA, AIB, and ISO-certified facilities offer a wide range of storage environments to fit any need.

MANUFACTURING SUPPORT

We ensure your facility is running at its full potential with manufacturing support. Experience and resources help us build customized solutions to support your production lines. Our robust systems allow us to properly warehouse your raw materials and make sure they're delivered "just in time" for production. We know it's critical for manufacturing facilities to stay focused on making products fast and efficiently. Don't sacrifice valuable resources, time, and money figuring out how to support them. Rely on a trusted partner like us to provide the solution.

ECOMMERCE FULFILLMENT

We have the knowledge and expertise to help you succeed in ecommerce fulfillment. Our secure and dedicated ecommerce operation is outfitted with flow-racking, shelving, bins, and piece-pack stations to easily manage orders. Trained experts operate as if they are part of your organization, maintaining the high quality we know is extremely important with fulfillment.

STORAGE

We offer a wide range of storage options to fit all of your warehousing needs. No two customers are alike when it comes to warehouse storage, which is why we offer a mix of public and dedicated facilities outfitted with ambient, climate-controlled, and hazardous environments. We've made it our mission to become storage experts so that we can be successful when it comes to building a customized solution for you.
